

# HOW TO OPEN SMART LOCK?

Login to your account

The screenshot shows the Secure Note application interface. At the top left is the logo for Secure Note with the tagline "Write, Save & Protect Stress free". To the right of the logo are buttons for "rEncrypt File" and "rDecrypt File". A blue header bar on the right says "Logged In As: TestDemo". Below the header is a navigation bar with buttons for "Save Choices", "Open Smart Lock", "Change Pwd", "My Subscription", "My Referrals", and "Log off". On the left, there is a "Select Folders" section with a dropdown menu showing "13 items checked" and a list of folders: "WhiteBoard", "All", "Personal", "Banking", and "Shopping", each with a dropdown arrow. The main content area shows a "You are writing" section with a "+ Add new record" button and a "Refresh" button. Below this is a table with the following data:

Title	Favorites	Created	Updated	Action
Test1	False	09/22/2019	09/22/2019	Delete
test2 nnn	False	09/22/2019	09/22/2019	Delete

A red arrow points to the "Open Smart Lock" button with the text "Click on Open Smart lock".
